

**Orchard Medical Center, S.C.**  
**Family Practice/Internal Medicine**

To Our Valued Patient:

Orchard Medical Center, S.C. values our patient relationships and continually strives to improve the overall patient office experience. We value your time and the time we have to spend with you and your family members at your scheduled appointment.

We're continually looking for ways of improving our patient outcomes and patient satisfaction. While striving for the best patient experience we have decided in an effort to reduce your overall wait time here in the office we will no longer be rounding at Vista Medical Center East or Advocate Condell Medical Center.

We will continue to be your primary care physician before, during and after any hospitalization and will coordinate your care after all hospitalization. The only thing that will change is we will not be the physician seeing you during your hospitalization.

In advance we apologize for any inconvenience this new change will have on you and your family.

ORCHARD MEDICAL CENTER, S.C.
